

Portable Dance Floor

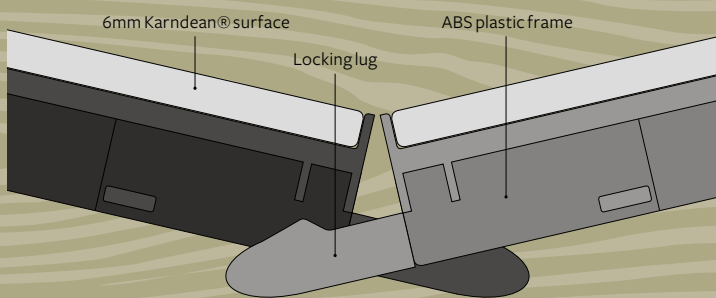

The Florlok® Portable Dance Floor is designed for outdoor and indoor use. Utilising an innovative brickwork design offering strength ensures that the panels and edges are fully secured. Needing no screws or tools for assembly, laying is quick and easy. For example a 4.57m x 4.57m (15' x 15') can be set up in approximately 8 minutes and recovered in about 8 minutes.

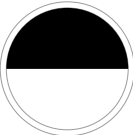

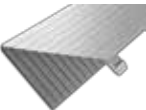

Panels are manufactured using ABS plastic offering strength and rigidity. Finished with a choice of Karndean® commercial grade vinyl, available either in Auckland Oak or Bracken or with black/white 6mm through coloured acrylic. Custom surfaces available on request.

Standing 27mm high and comprising of two panel sizes, 872mm x 872mm (full panel) and 872mm x 436mm (half panel). Full panels weigh 8kg with half panels weighing 5kg making them lightweight and easy to handle.

A purpose designed trolley is available for quick and effortless transport and storage. Each trolley holds a 4.57m x 4.57m (15' x 15') complete dance floor and is sized to fit through standard single width doorways.

This portable dance floor is ideal for hotels, restaurants, caterers, companies organising events, shows and weddings.
