

Portable Dance Floor

Multilok® is designed to be in-keeping with newer style function suites and contemporary marquee structures. This product is 100% waterproof and incorporates a luxury Karndean™ commercial grade vinyl surface finish, available in eight different colour options which replicate the colour textures and tones of natural wood.

Panels are constructed with aluminium locking lugs, battens and frame into which a co-extruded waterproof base is secured, along with your choice of Karndean™ colour finish. The sleek 108mm (4") sloped aluminium edge is anodised in a choice of either silver, gold or black, helping resist against scratching as well as complimenting the dance floors overall look and feel.

At just 27mm high and comprising of two panel sizes, 864mm x 864mm (full panel) and 864mm x 431mm (half panel), full panels weigh 11kg with half panels weighing 5.5kg making them lightweight and easy to handle.

A purpose made storage trolley is available, designed to fit through a single width door way which can hold up to a 4.57m x 4.57m (15' x 15') dance floor in its entirety.

FINISHES Karndean™ Vinyl

EDGING Available 108mm (4")

Portable Dance Floor

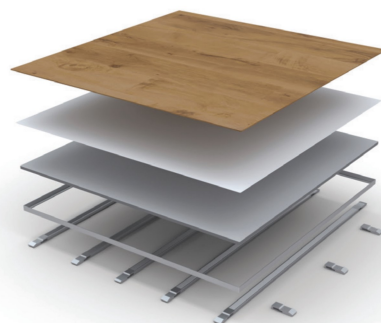

Features – Benefits

- No screws or tools – quick and easy set up
- Ribbed battens on rear of panels – aids grip on carpets
- Co-extruded base panel – waterproof
- Low profile and sloped edging – reduced trip hazard/wheelchair friendly
- Anodised edging – better aesthetics and durability
- High quality commercial grade Karndean™ vinyl surface – durability
- 3 year warranty on manufacture, labour and materials – peace of mind
- Slim line trolley – fits through standard single width doorways
- One trolley stores a complete 4.57m x 4.57m (15' x 15') floor – compact/space saving
- Edging storage tray in trolley – ease of access to edging
- Fully powder coated trolleys – offers a harder, more durable finish

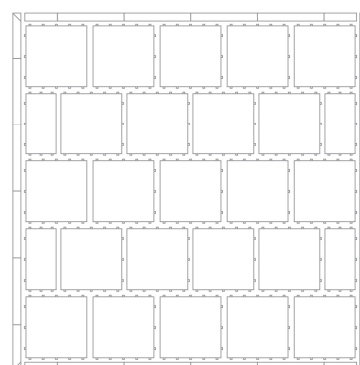

Specifications

- Dance floor specification:
 - Commercial grade Karndean™ vinyl
 - 2mm foam infill layer
 - 10mm co-extruded waterproof base
 - Lightweight aluminium edging
 - Manufactured from recyclable materials
 - Non-toxic flooring adhesive
